**12F MPO LC and DX: 12-fiber MPO to LC duplex connectors for high-density connections.**

## WDM Modules

**16CH UC-DWDM Module: Ultra-compact design with high isolation and low insertion loss.**

# Optical Communication

**8+1 Channel CWDM Module:** Combines 8 channels with an additional port for monitoring or expansion.

## SFT Transceivers

**TK-T5-RJ45:** 10GBASE-T SFP+ transceiver module supporting up to 30 meters over Cat6a/7 cables.

**XFP-TK8592-LCD03:** High-speed XFP transceiver suitable for long-distance data transmission.

# Optical Communication Components Catalog

**SFP28-25G-LR:** 25G SFP28 transceiver designed for long-range communication.

**QSFP-40G-SR4:** 40G QSFP+ transceiver optimized for short-range data center applications.

## Media Converters

**USB 3.0 to SFP Converter:** Enables USB 3.0 devices to connect to fiber optic networks via SFP modules.

**10/100M SC DC Converter:** Converts 10/100Mbps Ethernet signals to fiber optics using SC connectors.

# Optical Communication Components Catalog

**10/100/1000M SC SX Converter:** Supports gigabit Ethernet over fiber with SC connectors.

**SFP Mini Media Converter:** Compact media converter with SFP slot for flexible fiber connections.
